

## Wired Necklace With Black Beads

Enjoy making this elegant yet simple neckpiece using our free beading patterns.

Step by step guide for making a wire neckpiece using our free bead project.

You will need:

- Solid necklace wire
- Large black beads
- Small black beads
- Head pins

Step 1:

Onto one of the head pins, place 1 small black bead followed by 1 large black bead. Cut off the excess wire and bend tip into a small loop.

Step 2:

Onto the 2nd of the head pins, place 1 small black bead followed by 1 large black bead, followed by 1 small black bead and 1 large black bead again. Cut off the excess wire and bend tip into a small loop.

Step 3:

Onto the 3rd head pin, place 1 small black bead, 1 large black bead, 1 small black bead, 1 large black bead, and finally followed by 1 small black bead and 1 large black bead again. Cut off the excess wire and bend tip into a small loop.

Step 4:

Onto the 4th of the head pins, place 1 small black bead followed by 1 large black bead, followed by 1 small black bead and 1 large black bead again. Cut off the excess wire and bend tip into a small loop.

Step 5:

Onto head pin 5, place 1 small black bead followed by 1 large black bead. Cut off the excess wire and bend tip into a small loop.

Step 6:

Place head pin number 5 onto the wire first, followed by head pin 4, then 3; 2; and finally head pin number 1.

Step 7:

Wear and enjoy.

Congrats!!!

You have successfully completed a wired necklace using our free beading pattern.
